

# End Cutting Nippers 8" (200mm)

Product Code: 28202510

## Product Overview

VJT 8" (200 mm) End Cutting Nippers deliver professional-grade performance with reliable cutting power for a wide range of installation, construction, and site applications. Engineered for strength and precision, these nippers provide an excellent balance of durability, cutting efficiency, and user comfort for everyday trade use.

## Applications

- Tying wire for rebar reinforcement in concrete construction
- Formwork installation and securing wire ties
- Cutting soft iron wire, fencing wire, and binding materials
- Removing nails, fasteners, and staples flush to surfaces
- Electrical installation, maintenance, and general trade work
- Ideal for any task requiring precise and powerful end-cutting performance

## Features

- Precision-ground cutting edges for clean, consistent cuts
- 8" (200 mm) size suitable for a broad range of on-site applications
- Ergonomic handles for grip, control, and reduced hand fatigue
- Corrosion-resistant finish for enhanced durability in demanding environments

All product specifications and data are subject to change without notice. The data contained in this product sheet is believed to be accurate and is reproduced in good faith. It is the customer's responsibility to ensure that the product described in this datasheet is suitable for their application. Sinops disclaim any and all liability for any errors, inaccuracies or incompleteness contained in the product sheet. In addition Sinops makes no warranty, representation or guarantee regarding the suitability of the product described by the datasheet for any particular or associated purchase.
