

High Leverage Concreter's Nippers

Product Codes: 28202520 & 28202530

Product Overview

VJT High Leverage Concreter's Nippers are purpose-built for the demanding requirements of formworkers, concreters, and construction professionals. Engineered to deliver powerful cutting and twisting performance with reduced hand effort, these nippers are ideal for repetitive tie-wire work on busy job sites. Available in 10" (250 mm) and 12" (300 mm) sizes, they combine strength, durability, and comfort to ensure reliable performance during daily on-site use.

Applications

- Tying and twisting wire for rebar reinforcement in concrete construction
- Securing temporary formwork, shuttering, and mesh
- Cutting binding wire, nails, and fastening materials
- General formwork and concreting site tasks requiring high cutting force
- Electrical, installation, or maintenance work involving wire cutting and twisting

Features

- High-leverage joint design reduces cutting effort while maximising cutting power
- Forged steel construction for strength and extended service life
- Cutting edges provide clean, consistent cuts through concrete tie wire
- Robust joint and pivot design ensures smooth operation under tough site conditions
- Optimised head for efficient tying, twisting, and cutting of reinforcement wire

Product Code	Range
28202520	VJT High Leverage Concreter's Nippers 10" (250mm)
28202530	VJT High Leverage Concreter's Nippers 12" (300mm)
