

Wrecking Bar Oval 90° Claw

Product Sheet

Product Overview

The VJT Wrecking Bar Oval 90° Claw is designed for powerful leverage and efficient demolition work. Featuring an oval steel shaft for improved comfort during repeated use, and a 90° claw for maximum pulling strength, this bar is ideal for ripping, lifting, and separating materials where strong leverage and surface contact are essential. Available in two lengths to suit both general and heavy-duty applications.

Applications

- Heavy prying and levering
- Board and timber removal
- Pallet dismantling
- General demolition and strip-out work
- Lifting and separating materials

Features

- Oval shaft design for increased comfort and reduced hand fatigue
- Improved handling for repetitive use, ideal when repositioning frequently
- 90° claw angle provides maximum leverage against flat surfaces
- Strong pulling action for ripping and separating materials efficiently
- Available in multiple lengths to match the level of leverage required

Product Code & Blade Size Table

Product Code	Range	Length (in)	Length (mm)
50500050	VJT Wrecking Bar Oval 90° Claw	24"	610mm
50500060	VJT Wrecking Bar Oval 90° Claw	36"	915mm
