H01071 BUNGEE TETHER DUAL-ACTION CARABINER - 18KG/40LB

18_{KG}

40_{LB}

MAX LOAD

The GRIPPS® Bungee Tether Heavy-Duty Dual-Action features an oversized dual-action carabiner, elasticised webbing manufactured from robust polyester, and a high-visibility wide tail loop with an additional grip-weave for secure fastening to tools or anchor points.

In addition to its lightweight design, the elastic properties of the bungee material efficiently absorb the downward force generated by a dropped tool.

When arresting the fall of a dropped tool, the GRIPPS® Bungee Tether Dual-Action Carabiner extends up to 40cm/16", effectively mitigating the downward force and stabilising the user while safeguarding against bounce-back.

ENGINEERED FOR DROP PREVENTION
