COMPLIANT

H01021 SWIVEL CATCH

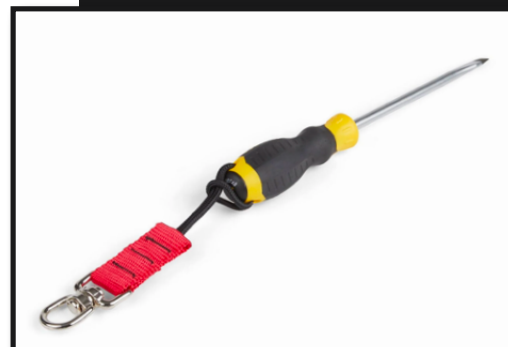

2.5 KG 5.5 LB

MAX LOAD

The GRIPPS® Swivel Catch effectively prevents tangling while working with hand tools at height, with the load-rated swivel point enabling a 360-degree range of motion, while the cord loop offers a convenient tool choke that securely attaches to your tool.

Secure your tool by attaching a GRIPPS® tool tether or coil to the metal ring of the GRIPPS® Swivel Catch, then anchor it to your glove, belt, or another suitable connection point.

Sold in 5-packs.

ENGINEERED FOR DROP PREVENTION

gripps.com

KEY FEATURES

Connects to existing hang-hole, slot or closed handle.

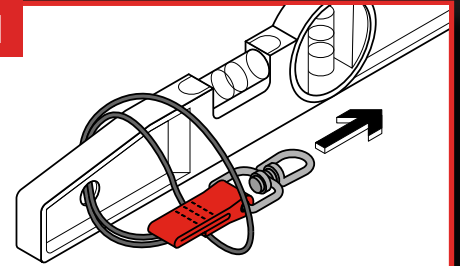

Tactical Nylon for maximum strength.

The strong steel ring is mounted on a swivel point, providing a full 360-degree range of movement.

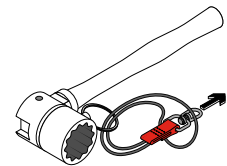

HOW TO USE

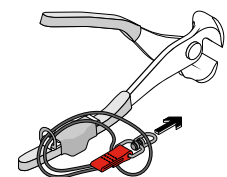

1

Feed the Swivel Catch through the pre-formed hole in the tool. Loop the Swivel Catch back through itself. Your tool is now ready to be attached to a GRIPPS® Tool Belt using a GRIPPS® Retractor Unit.
