

Never compromise on quality!

PVCu CREAM CLEANER

Solvent-free Cleaner

Description

A fast acting, solvent-free cleaner that removes dirt and stains and buffs to a deep surface colour.

Uses

Suitable for both white and plastic veneered PVCu frames, claddings and trims.

Application

Apply Bond It **PVCu CREAM CLEANER** to a soft clean absorbent cloth and wipe over the surface.

For stubborn or heavy contamination apply extra material to the cloth and rub the appropriate area firmly.

Finally, buff the surface to a bright finish with a clean dry cloth.

For exceptionally heavy contamination Bond It PVCu SOLVENT CLEANER may be used.

Storage Conditions

Non flammable, store upright, in cool conditions. Protect from frost.

Shelf Life

24 months when stored according to manufacturers instructions.

Disposal of Containers

Do not leave empty containers where residue could be harmful to children, animals or the environment. Replace lids and remove any containers to a central disposal point in accordance with local regulations.

Health & Safety

Please refer to separate material safety data sheet for full handling, use and storage instructions. Keep out of reach of children. It is the users responsibility to determine suitability for use. If in doubt contact

our Technical Department for advice.

Note: this information is for general guidance only, since site conditions and labour are beyond our control. It is recommended that users make their own tests to determine suitability.

| | |
|---------------------|------------------|
| Appearance | Off White Liquid |
| Flammability | Non Flammable |
| pH | 9.10 |
| Solubility in water | Infinite |
| Boiling Point | 100°C |

Container Sizes

| | |
|--------------|--------|
| Code: | BDC002 |
| Size: | 1L |

The data presented in this leaflet are in accordance with the present state of our knowledge, but do not absolve the user from carefully checking all supplies immediately on receipt. We reserve the right to alter product constants within the scope of technical progress or new developments. The recommendations made in this leaflet should be checked by preliminary trials because of conditions during processing over which we have no control, especially where other companies raw materials are also being used. The recommendations do not absolve the user from the obligation of investigating the possibility of infringement of third parties rights and, if necessary clarifying the position. Recommendations for use do not constitute a warranty, either expressed or implied, of the fitness or suitability of the products for a particular purpose.
