

The TCP truss clip attaches girders, trusses and rafters to wall plates to provide wind restraint.

[UK-DoP-e07/0317](#), [ETA-07/0317](#)

## APPLICATIONS

### Material

- Pre-galvanised mild steel.

TECHNICAL DATA

TCP - Safe Working Loads

References	Width	Fasteners (3.75mm x 30mm)		Safe Working Load - Short term uplift [kN]
		To Truss	To Wall Plate	
TCP38	38	6	6	2.13
TCP47	47	6	6	2.13
TCP50	50	6	6	2.13

TCP - Characteristic Capacities

References	Width	Fasteners (3.75mm x 30mm)		Characteristic capacity - Uplift [kN]
		To Truss	To Wall Plate	
TCP38	38	6	6	3.3
TCP47	47	6	6	3.3
TCP50	50	6	6	3.3
