

# Peppermint

## DESCRIPTION

A very thin, ambidextrous, powder free five-finger nitrile glove with a completely textured surface and a beaded / rolled edge cuff.

The gloves are 5 mil in thickness, making these gloves one of the best quality available on the market. The low modulus formula makes the glove stretchy, for comfort and ease of donning. They are resistant to many acids and solvents, and approved for use in food preparation.

Min thickness: 0.12 mm +/- 0.02 mm (at the centre of the palm) Min Length: 245 mm +/- 5.00 mm  
Tensile strength : 14 MPa minimum Ultimate elongation : 500% minimum

## RECOMMENDATION

- Medical examination
- Pharmaceuticals (for prevention of cross infection or contamination)
- Food
- Semiconductors
- Medical laboratories
- Light assembly and parts handling.
- The gloves can be used for fine and delicate manipulations, without leaving fingerprints on the product.

## PRODUCT INFORMATION

Material	Nitrile
Colour	Blue
Packaging	100 gloves per box/ 10 boxes per case
Sizes	7-11
