

FINISH NAILER

LITHIUM STRAIGHT BRAD NAILER

IM65 F16 PRODUCT CODE: 013323

Compact, quick and durable straight finish nailer with a no-mar tip to enable precise fixing.

IDEAL USERS

A Carpenter or Joiner working on both New Build and Renovation projects.

FEATURE

- 30 Joules of power

- Lightest and best-balanced finish nailer

- Fast charging, high performing Lithium battery

- Optimised nose design and clear line of sight

BENEFIT

- Ideal power ensures a flush finish in all soft woods and dense MDF

- Allows end-users to manoeuvre into tight spaces and work fatigue-free

- Delivers up to 10,000 shots per charge which equates to 5 brad fuel packs

- Provides easy access in the event of a jam

CONSUMABLES

- Wide range of F16 brads available in ELECTRO GALV and STAINLESS STEEL
- IM65 Straight F16 brads available in sizes 16-63mm
- Short brad kit is available in each tool case to fix brads between 16-25mm

DID YOU KNOW:
1 lithium battery is compatible for 7 Paslode tools.

FINISH NAILER

The **IM65A** is a compact, quick and durable angled finish nailer with a no-mar tip to enable precise fixing into tight spaces.

IDEAL USERS

A Carpenter or Joiner working on both New Build and Renovation projects.

LITHIUM ANGLED BRAD NAILER

IM65A F16 PRODUCT CODE: 013313

FEATURE

- Distinctive angled magazine

- 30 Joules of power

- Lightest and best-balanced finish nailer

- Fast charging, high performing Lithium battery

- Optimised nose design and clear line of sight

BENEFIT

- Designed specifically for precision when working in corners and tight spaces

- Ideal power ensures a flush finish in all soft woods and dense MDF

- Allows end-users to manoeuvre into tight spaces and work fatigue-free

- Delivers up to 10,000 shots per charge which equates to 5 brad fuel packs

- Provides easy access in the event of a jam

CONSUMABLES

- Wide range of F16 brads available in ELECTRO GALV and STAINLESS STEEL
- IM65A Angled F16 brads available in sizes 32-64mm

FINE FINISH NAILER

LITHIUM FINE FINISH BRAD NAILER

IM50 F18 PRODUCT CODE: 013333

The **IM50** finishing brad nailer is perfect for intricate detail applications, producing seamless fixes without the extra time of re-finishing work.

IDEAL USERS

Carpenter or Joiner working on secret nailing application such as cabinet and furniture work, beading and shop fitting.

FEATURE

- Optimum line of sight and no mar tip
- 25 Joules of power

- Depth of drive adjustment
- Fast charging, high performing Lithium battery

- Guarantees a flawless finish
- Delivers up to 10,000 shots per charge, which equates to 5 brad fuel packs, 200 in just 2 minutes

- Provides easy access in the event of a jam

BENEFIT

- Enables end-user to increase accuracy in their fixings

- Ideal power ensures seamless fixes in all soft woods and dense MDF

- Guarantees a flawless finish

- Delivers up to 10,000 shots per charge, which equates to 5 brad fuel packs, 200 in just 2 minutes

CONSUMABLES

- Thinner 18 gauge brad for discreet fine finish nailing.
- F18 straight brads available from sizes 16-50mm
- 1.2mm brad available in ELECTRO GALV

DID YOU KNOW:
The IM50 tool is perfect when you need a **SUPER CLEAN** 2nd fix finish.

PPNXi PRODUCT CODE: 019790

The 1st positive placement nailer on the market provides an efficient and safe way of installing hangers, brackets and straps. The innovative locator probe accurately delivers a hardened twist nail in the precise required location.

IDEAL USERS

Carpenters and Roofers working on-site, on both New Build and Renovation projects, fixing metal work connectors into wood.

FEATURE	BENEFIT
• X6 faster than hand nailing the same applications	• Reduces fatigue and personal injuries from having to nail in awkward positions
• Nose probe self-locates to allow the nail to fire in the aimed spot	• Difficult to reach areas can now be filled by the PPNXi
• 77 Joules of Power	• Power to drive Hardened Twist nails into solid wood beams
• Quick release magazine	• Designed to eliminate nail jams & maximise runtime for high volume operations
• New battery position for high performing battery	• Ensures your tool will work all day. Every day.
• Lighter and better balanced tool	• Guarantees all day productivity

CONSUMABLES

- ELECTRO GALV Hardened Twist nail available in one size

The **IM45 GN** is first cordless coil nailer. Its diverse range of nails suits many application such as metal roofing and cladding.

IDEAL USERS

Most likely to be Metal Roofers working on residential and commercial projects. The tool is also suitable for Carpenters working on cladding applications.

IM45 GN PRODUCT CODE: 018608

FEATURE	BENEFIT
• Simple and versatile tool	• Nail collation suits many applications
• No-mar rubber tip delivers a perfect flush finish	• Prevents surface damage to building materials
• Optimised nose design and clear line of sight	• Aids accurate fixing, even in tight spaces
• Unique delivery system is in a class of its own	• Decreased force needed to drive nails as opposed to hand nailing

CONSUMABLES

- High nails capacity per coil: 125 nails
- No debris nail collation gives a clean flush finish
