

NLG Short Coiled Tool Lanyard - Technical Data

Overview:

The short NLG Wrist Lanyard features Quick Clip connectors, which are single action, rotate through 360° and are easy to use even when wearing gloves. The tool lanyard is made from aircraft grade steel that is coated with heat and puncture resistant PU, making it very hardwearing. The short length of this lanyard is suited to use with a wristband, or within restricted working areas because of the reduced snagging hazard. The lanyard is load rated to 3KG, making it suitable for most hand tools as well as some power tools. This tool lanyard is particularly suited to Construction, Oil + Gas, Utilities and Nuclear industries.

Key Features:

- Coil is protected with puncture and abrasion resistant PU for durability
