

NEW

DRILL BIT **4 CUTTERS** COMPATIBLE SDS-PLUS

FASTER - STRONGER

4 CUTTERS
4 FLUTES
1 CENTERING POINT

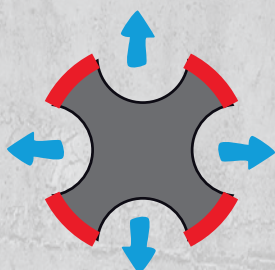

DRILL BIT 4 CUTTERS

COMPATIBLE SDS-PLUS

FASTER

LONGER LIFETIME

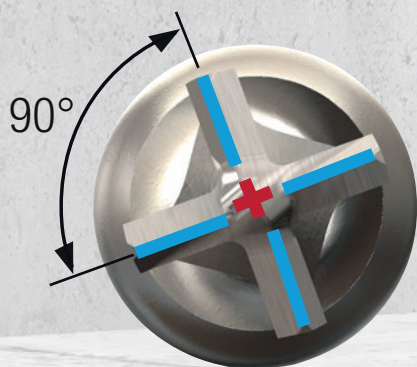

- 4 wide spaces in line with the flutes for dust extraction
- 4 flutes for dust extraction
- 4 thin external edges for less frictions

- Wider center part of the flute
Less wear

- High quality production process
by cold forming Better torsion
resistance

EFFICIENT

- Centering point for easy start of drilling
- 150° 4 cutters, distributed at 90° for concrete breaker effect

EUROPEAN STEEL & CARBIDE

The premium standards for steels and carbide, combined with our thermal treatment under controlled atmosphere, guaranty the best striking force restitution for the booster.

RANGE

- L 110 : Ø 6-8 / L 160 : Ø 6-6,5-8-10-12
- L 210 : Ø 6-6,5-8-10-12-14-16 / L 260 : Ø 6-8-10-12
- L 310 : Ø 6-6,5-8-10-12-14-16-18-20
- L 460 : Ø 10-12-14-16-20
