

## M18 B5-CR

### M18™ RESISTANT 5.0 AH BATTERY

- New housing material provides more protection against oils, solvents and greases
- The new resistant housing increases product life and provides chemical resistance to oils and fluids
- Delivers up to 2.5x more run time, up to 20% more power compared with other Lithium-Ion technologies and / or with previous MILWAUKEE® battery technology. (Results depend on tool and application)
- REDLITHIUM™ protection with REDLINK™ digital overload protection to prevent users from damaging their cordless power tool investment in abusive situations
- Individual battery cell monitoring optimises tool run time and ensures long term pack durability
- Durable metal frame battery construction with shock responsive separators preventing pack failure from excessive vibrations or drops
- Water protection routes water away from the electronics & out of the battery pack
- Can be used in extreme temperatures down to -20°C without compromising on run time and battery life
- On-board battery fuel gauge helps the user to maximise his battery run time efficiency

#### REDLITHIUM™

|                               |            |
|-------------------------------|------------|
